

| YEAR | NAME | TITLE |
|-------------|----------------------------|---|
| 2016 | Burton, David | Functional data analysis of copy number alterations in bladder cancer tumor chromosomes |
| 2016 | Caldwell, Clint | Economic Freedom and The Great Recession |
| 2016 | Chambers, Stephanie | The Influence of Inter-stimulus-interval on BCI Performance |
| 2016 | Garcia, Michele | Videogames and relaxation: Using arousal and subjective experience to predict therapeutic gaming |
| 2016 | Kincheloe, Jamie | Aeolian Erosion and Gully Formation in Humid Subtropical Climates |
| 2016 | Lim, Kristina | Protective anti-inflammatory role of extracellular ubiquitin in myocardial ischemia/reperfusion injury in mice |
| 2016 | Moses, Olivia | Is Anonymous Social Media Full of Trolls or Treasures: The study of yik yak and communication |
| 2016 | Nanto, Darack | The Eco-Smart Can |
| 2016 | Newman, Hannah | Identification of RyhB-like genes in Rhizobium leguminosarum ATCC 14479 |
| 2016 | Swymer, Caitlyn | P300 event-related potential brain-computer interface: A simulation of random eye movements |
| 2017 | Beasley, Brooke | Insulin-Like Growth Factor 1 Receptor Expression in Postmortem Brain Tissue of Autism Spectrum Disorder |
| 2017 | Cassels, Joshua | Covering arrays for set partitions and weight equivalent words |
| 2017 | Guy, Holdon | Diffusion of 100% Tobacco Free Policies in Higher Education Institutions in Tennessee |
| 2017 | Kaestner, Charlotte | Adenosine agonist treatment reduces the rewarding associative properties of nicotine in a rodent model of schizophrenia |
| 2017 | Lim, Kristina | Protective Anti-Inflammatory Role of Extracellular Ubiquitin in Myocardial Ischemia/Reperfusion Injury |
| 2017 | Little, Iuliiia | Adsorbent for cleanup of contaminated water after a nuclear accident |
| 2017 | Lumpkins, Logan | Lower Extremity Exercise Impacts Shoulder Pain |
| 2017 | Malcolm, Annie | Profile of Volatile Fatty Acids (VFA) in the Feces of Normal and Overweight College Students |
| 2017 | South, Patrick | Discovery of a Novel Inhibitory Polyketide Produced by soil bacterium Rhodococcus MTM3W5.2 |
| 2017 | West, Cheston | Anonymous Social Media: Yik Yak and Substance Use Among College Students |
| 2017 | Wright, Lindsey | Structural Ensemble of the Intrinsically Disordered N-terminal Region of Human c-Src Tyrosine Kinase |
| 2018 | DeBord, Caroline | Assessment of in vivo and in vitro activity of PARP inhibitors: Potential development of a novel class of antidepressant drugs |
| 2018 | Dinsmore, Kimberly | A Re-evaluation of the Psychometric Assessment of an Instrument for Instructor Dependence of Students |
| 2018 | Guy, Holdon | Agrarian Themes in Republican Political Rhetoric in Tennessee since 1960 |
| 2018 | Hernandez, Daisy | Let's get personal: The relationship between rejection sensitivity, true self, and self-disclosure in online environments |
| 2018 | McGann, Alexis | Understanding of Delegation Practices Held by Registered Nurses |
| 2018 | Onek, Tristan | Machine Learning Applications in Genetic Admixture Analysis |
| 2018 | Osborne, Andrew | Impact of Topography and Surface Cover on Pedestrian Evacuation and Sheltering for Sudden-Onset Phreatic Explosions: a study of La Fossa Volcano, Vulcano Island, Italy |
| 2018 | Rielley, Megan | Democratic Adversaries: A Peaceful Territorial Dispute Between the United States and Canada Explained |
| 2018 | Simerly, Gabriel | Effects of Self-Care on Undergraduate Stress |
| 2018 | Trogen, Greta | CTRP3 Attenuates Ethanol-Induced Changes to the Liver Fatty Acid Profile |
